
Summer Program 2018

Heritage Farm, well known for our year-round riding program that emphasizes safety, horsemanship and fun, believes that there is more to riding horses than riding horses! Our summer program is a chance for riders to immerse themselves in the daily schedule of the farm. They will help with feeding, chores and care of horses in addition to their daily lesson. There are creative horse-related arts and craft projects that are favorite activities!

All riders bring snacks, drinks and lunch, boots with solid heels and long, close-fitting pants for riding. We can provide the required helmets as needed. Please, no bike helmets!

50% non-refundable deposit required to hold the rider's place in desired sessions. Non-refundable balance is due on first day of session. Family discount and frequent rider discounts available for riders doing multiple weeks.

Please use the attached registration form to secure your spot for summer 2018. All riders must also have current release form on file. Emails will go out as summer nears outlining any additional details parents may need.
